

CONFRONTING THE FUTURE

UNLOCKING THE PROMISES

**ICCC INTERNATIONAL
Conference & General Meeting**

**October 27-31, 2010
Alicante, Spain**

Introduction

Everyone regardless of age, gender, or geographical location; whether living at the moment in need or abundance, all have one thing in common. We must all **“Confront The Future”**, as we embrace the unsettling times in which we exist.

God is speaking to us today through the prophet Isaiah saying: “I - my hands stretched out the Heavens. I have made the Earth. Ask me of things to *come concerning my Sons: And concerning the work of my hands.*” (Is. 45:11-12) This we will do as a ‘People’, as we gather together in late October this year.

In the midst of the second wave of the world financial crisis, when sovereign nations are struggling for survival, God is leading ICCG to Spain. You should then ask yourself why Spain, and why now? As you study the planned program you will discover the opportunity to obtain a ‘world view’ from a Kingdom perspective.

Ecclesiastes 3:15 proclaims: “That which is has already been, and what is to be has already been; and God requires an account of what is past.”

As we examine history we can see that the Iberian Peninsula, in the beginning of the last millennium, was the battleground for world religions during a period of seven hundred years. Later, in the 15th century, Spain became a great empire loaded with gold and silver from South America. But the historical accounts also show that Spain was the first sovereign nation in history to declare bankruptcy. This took place in 1557. By 1696 Spain had filed for national bankruptcy a total of 14 times!

Spain, as one of the P I G S Countries (Portugal, Italy, Greece and Spain) along with Ireland, once again is playing a pivotal role in today’s world affairs. This should be no surprise to us. However, we are faced with a choice of either falling into intense self-deception, or moving forward with great courage. Rising from God’s faithful and trusting heart, He has bestowed on us a Divine ‘Legacy’. Faith in Him means living in confidence and courage *“as if”*, rather than the fear and discouragement brought on *“in spite of”* disruptive circumstances. In that spirit we can courageously confront the future, and **“Unlock The Promises”** of God.

With this heart of understanding I warmly welcome you to celebrate our 25th Anniversary together as a People. We have traveled life’s journey together this past quarter century. We have precious memories to ponder, while setting the course for this decade of destiny, and our next quarter century together.

You Are Cordially Invited,

Dale W. Neill
International President

Join Us as We Celebrate

The vision and dream of ICCC from the beginning concerned a “people”, like a tribe, with a common value base, culture and language, who would understand the purposes of God, and become a testimony of God’s presence in the Market Place. At a distance we could ‘see’ that we were entering into the climax of mans history, with increased turbulence, and an economic reality that would be different from what we had experienced before. We called it the “encroaching tide”.

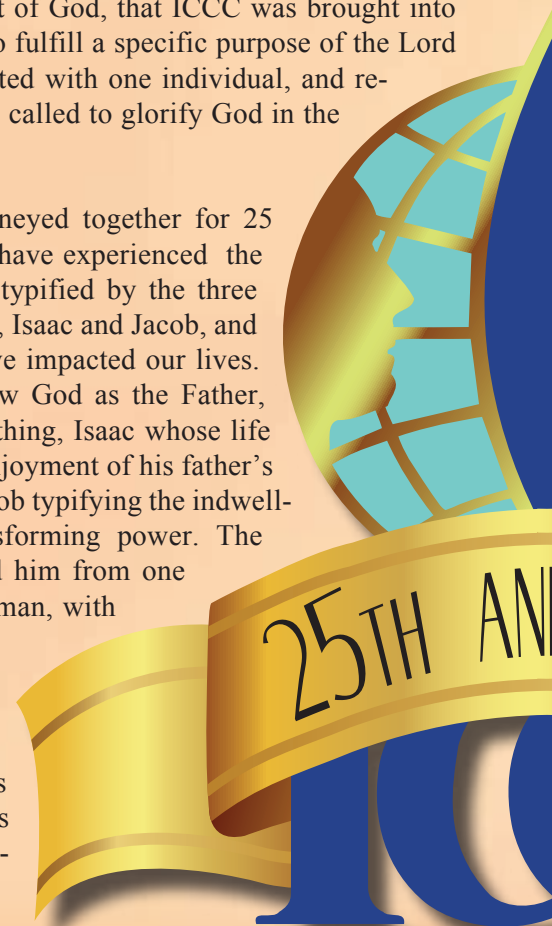

Today we live with a form of global simultaneity, which creates a new virtual, interactive, real-time logic of humanity through our ‘beloved’ internet. We are observing that the economic reality today brings a fusion between different spheres – private, public and nonprofit. The globalization frenzy forces upon us an unwitting economic, political, social and religious bonding.

What we earlier identified as clear reference points, such as the difference between right and wrong, day and night, work and leisure, home and office, life and death, male and female are now being torn down, and the navigation references are fewer on the digital map resulting in a formidable “global value migration”.

It was into this “world”, and at this time in human history, through a divine act of God, that ICCC was brought into being, with a task to fulfill a specific purpose of the Lord for our time. It started with one individual, and resulted in a “people” called to glorify God in the Market Place.

Now we have journeyed together for 25 years. Many of us have experienced the spiritual principles typified by the three patriarchs Abraham, Isaac and Jacob, and these principles have impacted our lives. Abraham, who knew God as the Father, the source of everything, Isaac whose life demonstrated the enjoyment of his father’s inheritance, and Jacob typifying the indwelling of Gods’ transforming power. The power that changed him from one character to a new man, with a new name.

This is our reason to celebrate. We want to give thanks to the Lord for His abundant grace giv-

en to us individually, and to ICCC, throughout our journey. We bow in humbleness before the Lord for His love and grace, because it was through Him we could enter into this rich heritage. We wish to honor and worship Him as we have had the privilege to see these spiritual principles become flesh and blood in so many walking together with us in ICCC. Without this we could not be called “a people of God”.

We said at the inception of ICCC; “there is an anointing available for those with eyes to see, and ears to hear the call of the times”. This has proven to be true. In spite of the developments in the world, and the turbulence of this time may seem frightening, we know that there is an unlimited future ahead of us. For:

“Eyes has not seen, nor ear heard, nor have entered into the heart of man, the things which God has prepared for those who love Him”

J. Gunnar Olson
Chairman and Founder of ICCC

This event will include an entire afternoon and evening of celebration.

You will be involved as we retrace the milestones and pivotal points of ICCC and how world events have coincided.

You will witness incredible personal testimonies from those whose lives and business activities have been transformed forever.

The celebration will culminate in an elegant Gala Dinner where honor will be given first to God for 25 years of His faithfulness and direction. Then appreciation and honor will be given to our former International Leaders and Directors.

This Gala event will be held in the beautiful venue pictured above. The dress code for the evening will be semi-formal (*black suit and elegant evening attire*).
