

Operation Rolling Thunder is Sweeping the Globe - 2009 Overview

To help you appreciate the growth let me give you a perspective of where we were last year at this time. Last year I reported how ORT had grown to the point where 12 cities were using the strategy 24/7/365.

In 2009, we have grown to 108 cities in 24 nations.

Examples of Some of the Powerful Results:

- The city of Topeka Police Chief asks for a 3% drop in property crime. In first month of ORT it drops 15.4%.
- Kansas reports a drought broken with more rain in one day than in previous 7 years.
- Lotoitok Tanzania reports 1.5 year drought broken after mobilizing their city in one week.
- *Kansas had a record harvest.* Their elevators overflowed so they asked Texas and Oklahoma help with storing the grain.
- After ORT was mobilized in 4 cities in *Alaska they reported a record number of earthquakes* in 1st month in Fairbanks/North Pole (113), saw fishing grounds closed for 15 years open up for first time, remarkable reconciliation with 1st nations, great numbers of people in cults saved, and the most gold production since 1916 gold rush. *They also set world records with cabbage, rutabagas and a number of other vegetables. Deuteronomy 28 came alive as the blessing on the land was obvious.*

Partnership with AMES Christian University – I am very pleased to announce that AMES Christian University has invited us to offer our Spiritual War College through their university. <http://www.ameschristian.org/>

The first course, Biblical Principles and Strategies the Art of Corporate Spiritual Warfare is being released this week. This will be followed by Watchman and Intercessor Training and eventually the Certified CONECTer Course.

These will be elective courses that can be combined with a number of bachelor, masters and doctoral degree programs that include, for example, specialized training in a Bachelors of Biblical Studies, Ministry Leadership, Masters of Biblical Teaching and Leadership, or a Doctorate of Ministry Leadership.

People we touched in 2009

Church Plant in Nakuru by our CONECTer Pastor Thomas

Lahore Pakistan →

There are now 127+ Churches working with Us in 5 cities in Pakistan **Our CONECTer in Faisalabad was beaten** In October 2009. Yet The Church grows.

Kisii Kenya – Power to Change Prayer Center

We are raising \$4000 to finish the church building for the Power to Change Prayer Center. Pastor Thomas has mobilized 44 churches in 13 cities through ORT this year.

Myanmar Outreach

Our National CONECTer in Myanmar has done a powerful work. They regularly combined outreach with the ORT strategy. What is remarkable about this is that their nation is under a brutal military junta and they've made it illegal to preach the gospel. *Dr. Kawl and their team risk their lives to preach the gospel.*

Myanmar is hosting their ORT Kick Off February 23-28 and April 3-5 in two different villages. Dr. Kawl says he expects 10 denominations to be represented in the first Kick Off.

Kenya is hosting their Kick Off Feb 12-13.

Orphanage We Support – Kisii Kenya

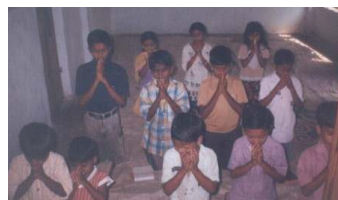

Water Baptism Myanmar – April 09

Preaching the gospel, planting churches, water baptisms, healing the sick, ministering to the poor are all things that accompany our CONECTers in the nations. Our CONECTers in Pakistan, India, Kenya and Myanmar do so at great personal risk. Pray with us for: \$8000 outreach to Pakistan, \$6500 roof for prayer center, and \$5000 for aid.

Your faithful prayers and financial support help us serve them. Thank you!

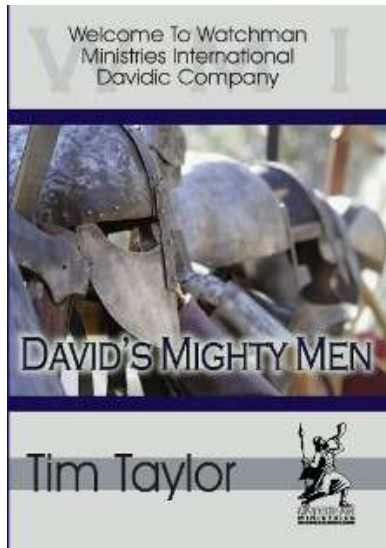

ORT Tanzania

Children Praying India

CONECTer Pastor Nani - India

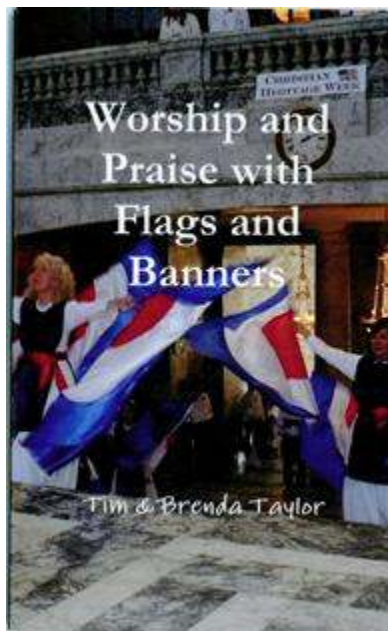

Are You One of 300!

I am always humbled and amazed at what God is able to do with the little we have to offer Him. *Truly to God be the glory.*

In 1998 God gave me a revelation of a Davidic Company and a vision for 300 allies like the 300 God gave Gideon. The Davidic Company partners with us through prayer and regular offerings. We are looking to add 275 more to this team. Every team member shares in the eternal reward produced through their partnership in the gospel. Philippians 1:3-7 & Revelation 22:12

Please pray about becoming allying with us in our Davidic Company!

New Book Releases

The very first book Brenda and I wrote in 1994 has been revised and re-released.

Operation Rolling Thunder has also been revised and released now as Operation Rolling Thunder II. Another chapter was added with lessons learned and powerful testimonies from the last two years.

Order yours today from www.WatchmanMinistries.com – Online Store #2

Upcoming itinerary

- Feb 4 - Everett WA – NWNWNW
- Feb 14 – Maple Valley WA – Generational Hope Church
- Feb 17-20 – Dallas TX - 21st Annual Chaplaincy of Full Gospel Churches
- Feb 25-26 – Regional Apostolic Summit with John P Kelly
- Mar 1-2 – Co-authoring a book on Strategy
- Mar 5-6 – Washington State Operation Rolling Thunder Kick Off – Christ Church Kirkland
- Mar 8 – Womens Aglow Lighthouse Meeting Puyallup WA

Evidence of Transformation Emerging in Alaska & Kansas

November 9, 2009 • By Tim Taylor

In 1999 the Sentinel Group produced the first Transformation video. One of the testimonies they highlighted was Alomonga Guatemala where George Otis Jr. reported about the remarkable changes occurring within that community that pointed towards transformation. Two of the things that stood out besides many people accepting Christ as their Lord and savior was that the number of jails in the town decreased dramatically and they also reported how much the land was producing. The vegetables were huge.

I recently received two reports from CONECTers that caused me to remember the testimony from Alomonga. On October 2, 2009 Kathy Conn, our CONECTer in Wasilla Alaska, gave me her regular report. For those of you who have followed the testimony of what God has done in Alaska you will recall that my first trip to Wasilla (April 30 to May 3, 2009) was marked by three days of record high temperatures. Those record high temperatures occurred during the time I presented Operation Rolling Thunder and CONECT. One day even broke a 40 year high.

Kathy's report included great news about reconciliation with the First Nations, the progress of the ORT 24/7 prayer strategy and then comments about the remarkable fruitfulness of the land. The moose season was especially good this year, a fishing ground that had been closed for 15 years was finally opened for dip net fishing, and she reported that some world records were set at the Alaska State Fair. In fact, a man from Wasilla grew a 125.9 lb cabbage. [Click here](#) for more details. It set a world record. In addition there were two rutabagas that set world records too (79 lbs and 82.9 lbs). Several state records were also broken such as a 17 lb mushroom.

Operation Rolling Thunder (ORT) began in Alaska in March of 2009 when Freedom in Christ in the North Pole invited me to Alaska to Kick Off the strategy. In their first month of ORT the North Pole/Fairbanks area recorded the highest number of earthquakes they had ever recorded in a month; over 113. In early May the Valley Pastor Prayer Network invited me to Wasilla/Palmer to do the same. All together, the churches cooperating together have mobilized more than 400 days of 24/7 prayer over their state.

Deuteronomy 28:8 "The Lord will command the blessing on you in your storehouses and in all to which you set your hand, and He will bless you in the land which the Lord your God is giving you.

Kansas Reports

On October 6th, just four days later, I received a similar report from Donna Lippoldt, our State CONECTer in Kansas. For context, recall that Kansas began mobilizing in December of 2008. On April 6, 2009 they launched the strategy which was followed by reports of decreasing crime in Wichita, Topeka, reconciliation with First Nations, remarkable numbers of salvations, a seven year drought was broken and more. But on October 6th, Donna reported that "Grass & Grain," [click here](#), reported in a September 29, 2009 on page 9 that, "With unsold winter wheat in grain elevators across parts of the Great Plains, the area is bracing for expected bumper fall harvests of corn, sorghum and soybeans. The good winter wheat crop this summer will be followed by record harvests of these other crops. They are expecting to have grain placed on the ground in some areas. Poor crops in Oklahoma and Texas have made some room in elevators in Oklahoma; Oklahoma had a terrible wheat crop and the corn burned up in June. Texas also suffered significant drought..." The elevators are overflowing.

We receive testimonies like this frequently. We hope that you will help us mobilize the body of Christ in your area through ORT so that churches in your area will be united to transform your community through the presentation of the gospel of the kingdom. I want to personally invite you to come and join us this year March 5-6 in Kirkland Washington for the Washington State Kick Off for ORT.
