Should giving be "Random"?

The Bible says we should give a proportion of our income to the work of God. It begins with ten percent, and then offerings are to be in addition. The joy in giving comes when we *plan* to give. We have laid aside in store so

that when we become aware of a need, we can respond. Dave Ramsey says, "Financial Peace is not the acquisition of stuff. It is learning to live on less than you make so you can give back." Since God is a God of order, even our money and giving should be a testimony of our dependence on God and the joy that we have in preparing ourselves to be givers. "Upon the first day of the week let every one of you lay by him in store, as God hath prospered him... 1 Cor. 16:2
