

# Parchment Valley Conference Center

The **Douglas W. Hill Assembly Hall (Hill Hall)** is our largest group meeting area. The main conference room will accommodate 300 chairs in a auditorium seating arrangement and includes a sound system, motorized screen, digital projection and piano.

In addition to the large plenary area, the building also contains the archives and museum of the West Virginia Baptist Historical Society, as well as a Library housing a collection of books and personal libraries donated to the conference center by the families of former pastors in our region. These two rooms are often utilized as “break-out” rooms when approved by the WV Baptist Historical Society.

The narthex contains a coffee brewing unit and restrooms for the building. This building is also handicap accessible.
