

Is Your Church Interested in Church Planting in Wisconsin?

As a part of our partnership with Bay Lakes Baptist Association, we are joining with them in preparing for planting new churches. We have sent \$1,000 (proceeds from our Golf Tournament) in startup funds. BLBA has also requested \$265 per month for two years to assist in supporting a US/C2 missionary that will work with a new church plant in Appleton and hopefully will be ready to remain as a church planter when the two year appointment is up.

US/C2 stands for United States or Canada for 2 years of service. US/C2 missionaries are college graduates who serve two years under appointment with the North American Mission Board (NAMB), SBC, and participating state conventions or the Canadian Convention of Southern Baptists. US/C2 missionaries make a significant contribution in reaching North America for Christ.

We would like to raise this \$265 from our HBA churches so that each participating congregation has a direct link to and investment in the process. If your congregation is seeking God's direction for a partnership missions opportunity, please pray about providing a portion of this monthly support. The request is \$265 per month (*total, not per church*). Our New Church/Missions Starting Team has encouraged a goal of \$500 per month so we can assist even more with church planting in Wisconsin. Contribution checks should be made payable to Harvest Baptist Association and have ***Wisconsin Church Planting*** in the memo line. Mail checks to:

Harvest Baptist Association
603 N. Business 287
Decatur, TX 76234

+++++

We believe the Lord is leading our church to partner with the HBA/BLBA Partnership in church planting. Our commitment is to (check all that apply):

___ Pray regularly for church planting in BLBA as a part of our church's prayer strategy
___ Invest \$_____ per month for two years in church planter support beginning in _____ (month), 2010.

Church: _____
Pastor: _____

Please return this as soon as possible to Harvest Baptist Association at the address above.
