A Mind To Work

We began the 2010 year with a "bang"! As soon as our feet 'hit the US soil' our race was on! Itnerating in itself can be very challenging....but when you are doing '2 things at once'....you absolutely must have full dependence on the Lord!

We were thankful to be able to go back into several of the churches we itnerated in, nearly 2 years earlier. We are also very thankful for the many new doors that were opened unto us! It seemed during this time, we visited both poles. We stretched ourselves from about as far South as you can go, to nearly as far North. Benjamin learned that you don't necessarily have to be 'outdoors' to build a fort! He found that 'his room on wheels' could serve that purpose, too! He stretched quilts & blankets from one side of the back seat, to the other & made a 'camp out' for he and his "sister", Esther-Annie. No, we have not adopted another child, nor have we had one.....this is one special little girl that wanted desperately

to do missions work, so she asked her 'mommy', Sis. Belinda Cox, if she could go....& with tears in her eyes, her answer was....."Yes, I feel you must go & do the work of the Lord." (Thank you Sis. Belinda.....she has enjoyed being involved in missions & is trying to keep her 'brother', in line, as well) :o)

These past 3 months of being in the States has been rewarding. We are very thankful to report, that many have 'come on board' with the Operation Nehemiah Project! Thus far, we have raised \$6,000.00 for this building project! Bro. Scott Morris & his church played a big role in this contribution, as well as, Bro. Shane Cox & his congregation! One pastor & his church has made a faith pledge of \$10,000.00 & has been working very hard doing fund raisers. This will bring our total to \$16,000.00! We know the Lord is going to GREATLY bless all, for their vision, burden & sacrifice. Our needed goal to complete this project is \$50,000.00 - things are extremely expensive in Jamaica - but we are anxious & very thankful to be going back with those funds we have raised at this time & "with a mind to work", we will build, until those funds are exhausted. There is still time, if there are those of you who would like to individually or as a corporate body, donate funds. Perhaps there are some of you who would like to give your time & talents & come to Jamaica to help in this construction. We will take the entire month of June, concentrating on these efforts. We will also be holding crusades during some of the nights, for those ministers who are coming. So a HUGE thank you again, to all of you who so very willingly & sacrificially gave! We know the Lord is going to bless you in a great abundance! May each of you have 'filled houses' of your harvest!

PRAY FOR HEALING

We are asking for you to place Sis. T on your continual prayer list. As you know, we have been fighting a severe 'unknown illness' for over a year now. While in the States these past 3 months, we have been in the hospital 3 times & are currently seeing a specialist in Houston. At this point, her liver appears to be enlarged & on 03/13, they are going to do 2 endoscopy procedures: upper & lower. Her doctor will take some biopsy's & is wanting to make certain that "nothing was missed" from the previous 2 tests that were done. We continue to trust His 'unseen' hand!

THANK YOU to each of you who have financially &/or prayerfully supported this ministry in our missions work!

We could not do this work for the Lord if it were not for you!

Happy 9th Birthday "Touchdown Torbert"

We love you!

For those inquiring about shipping things to Jamaica, we are still working on finding the most secure, as well as, cheapest avenue. We will let you know just as soon as we have this information available. Thank you in advance, to you who are already gathering items for the schools & orphanages!
