

Dear Minnesota Eagles:

We are once again faced with what seems to be an imminent vote of healthcare 'reform.' God in His mercy has responded to our cries and intervened numerous times in the past months to stop this government takeover of almost 20% of our economy. We must remain on the wall of our nation and cry out to God yet again to intervene on our behalf.

I urge you to contact your representatives and both MN senators immediately and express your opinion regarding this bill. This is of critical importance. Also consider calling the offices of those Democrat legislators from other states who have said they will vote no or who are on the fence and urge them to stand strong against this legislation.

[Click here](#) for contact information for MN legislators. On this page if you will click on the name of the senator or representative it will give you both local and Washington, DC contact information. If you can go to your representative's local office please do so and express yourself in person.

See Cindy Jacobs' letter below with other links for more information and action suggestions.

But God!

Urgent Need for Prayer Concerning
Health Care Reform Bill

<http://www.contactingthecongress.org/> —

Dear Intercessors,

There is an urgent need for all of us to participate in stopping one of the most pro-abortion bills since Roe vs. Wade. According to information I received on a conference yesterday today with Governor Mike Huckabee and other leaders such as Joe Pitts, and Mike Pence, it looks like the current Health Care Reform Bill, as passed by the Senate and being debated in the House, could be voted on within the next 72 hours. It is extremely urgent that we call and write our congressmen and women and tell them to vote no on this bill.

This bill lacks the conscious protection that is in the senate bill. Unlike some would lead us to believe that there are no paid-for abortions in the bill, it allows for federal abortion funding through grants to abortion providers. At least 12 pro-life Democrats understand this and are fighting courageously against extreme pressure to maintain their stance.

Here is how we can fight against this bill:

1. Go on the website <http://www.contactingthecongress.org/> and

obtain the phone numbers and emails of your elected officials and urge them to vote no on this bill.

2. If you call their office and cannot get through, let it ring as they may be jammed with calls and it might take a while to get through. Don't give up!
3. Demonstrate in front of their district offices.
4. Ask for a face-to-face meeting with them; especially if they are a Democrat, and express your opinion. Remember, you are their boss as a citizen of the United States.
5. Urge them to halt the current Healthcare Reform Bill and go back to the starting point to pass real health care reform.

Be sure to oppose the "slaughter solution" that calls for passage of the bill with later reconciliation after it is passed. Don't believe it! That will never take place.

Another suggested website to keep you informed is the Family Research Council's <http://www.frc.org/>. FRC's founder, Tony Perkins is a godly man and his site is an excellent source to keep informed. You can also go onto the American Family Association (<http://www.afa.org/>) and Janet Porter's Faith2Action (<http://www.f2a.org/>).

Let's fuel our prayers with action!

Cindy Jacobs

Ps 149:5-9: 5 Let the faithful rejoice that he honors them. 6 Let the praises of God be in their mouths, and a sharp sword in their hands-7 to execute vengeance on the nations and punishment on the peoples, 8 to bind their kings with shackles and their leaders with iron chains, 9 to execute the judgment written against them. This is the glorious privilege of his faithful ones.
