Introduction

The charge of the Inviting Team is to develop and implement “inviting” events for Creekwood and the surrounding community.

Primary Tasks and Responsibilities of the Committee

Oversight and implementation of “mugging” ministry
Plan and execute at least four “inviting” events each year.

Inviting events are community friendly events which are an opportunity for Creekwood members to invite friends, neighbors and families to come to the Creekwood campus. Current inviting invites include the Live Nativity, the Pumpkin Patch and the Creekwood Country Fair.

Organization and relationships

Membership will include a representative to the church council and staff persons with oversight of inviting ministries. Members will be recommended by the Committee on Lay Leadership to the annual church conference. Members will serve a maximum of two years. Additional members may be added by the chair as needed.

The Inviting Team works cooperatively with other programming and administrative councils and committees and is responsible to the church council.
